

**Q: Is salaah necessary on a woman in labour?**

Last Updated Tuesday, 01 October 2013 15:36

---

**A:** During labour, if a woman is conscious, she is still required to offer her salaah. If she cannot offer it with the normal postures, she will perform it with gestures ( *ishaarah*). However, if by performing salaah she fears for the life of the child, she may delay her salaah.
